

PRODUCTION SUPPORT

Garfield Hts. & Valley View, OH

Tribotech Composites, Inc. is a world-class manufacturer of composite bearing materials and precision-machined parts. Lean, innovative, and innately flexible, while also ISO-9001 certified and positioned for growth, we thrive in a market that is often under-serviced and over-charged.

RESPONSIBILITIES:

Secondary Operations

- Inspection of parts to meet quality standards
- Deburring parts to maintain quality
- Splitting parts to meet order requirements
- Tumble bushings for final processing
- Delivery/Pick-up of material to and from local off-site locations, as necessary
- Maintain a clean and organized work environment
- Back-up to other departments, as needed

Composite Technician:

- Raw material set-up assistance
- Oven preparation of raw materials
- Demolding of cured materials
- Cleaning of composite winding equipment

Forklift truck - loading, unloading, and transporting materials

All other duties, as assigned.

REQUIREMENTS:

- High School Diploma – or - equivalent
- Valid and current Driver License
- Attention to detail, safe work practices
- Fast paced, multi-tasker
- Team player
- Ability and desire to learn quickly

PHYSICAL REQUIREMENTS:

Sit [25%], Stand [75%], Lift [over 50 lbs], Walk, Bend, Stoop, Reach, Push & Pull, as well as Finger/Hand dexterity

Full benefit package offered. Education reimbursement available. Excellent growth potential for the right candidate.

Tribotech Composites, Inc. is an EOE and offers a drug-free work environment!
